Petaluma, Sonoma County – Construction continues for the U.S. 101/State Route 116 Interchange Project and the U.S. 101 Petaluma Boulevard South Interchange Project.

Full Closures of State Route 116 at U.S. 101

- State Route 116 will be closed **Thursday night, December 12**, from 10 p.m. to 5 a.m., and **Friday night, December 13**, from 10 p.m. to 6 a.m. **Detour:** During this closure, traffic may detour to Caulfield Lane and S. McDowell Boulevard.
- Demolition of the northbound U.S. 101 bridge structure is scheduled for later in the month. This demolition will also require a full closure of SR 116. More details regarding closure hours and detours will be forthcoming once the plan is fully established.

Traffic Shift for Northbound U.S. 101 Rescheduled

Tuesday night, December 17, Caltrans has scheduled a traffic shift for northbound U.S. 101 at the State Route 116 interchange. Southbound U.S. 101 traffic will be shifted to the right shoulder. This shift will allow northbound traffic to be shifted to the left across the median to the southbound bridge. There will be two northbound lanes and two southbound lanes sharing the same bridge. After passing over SR 116, northbound traffic will shift to the right and return to the original roadway. This traffic shift will remain in effect until summer or fall of 2014 while the old northbound bridge over SR 116 is removed and replaced with a new bridge.

Northbound and southbound lanes will be separated by a concrete barrier, and the speed limit in the construction zone will be reduced to 45 MPH. It is essential for the safety of motorists and construction workers that this speed limit is observed. This speed limit will be enforced by the California Highway Patrol.
